Prep Sheet for ROACH Treatment

- Empty ALL Kitchen cupboards, upper and lower as well as drawers.
 - Clear out under all beds and all furniture and leave open for treatment.
 - Empty out bathroom vanity cabinets and drawers.
 - Remove all clothes and personal items from dresser drawers and place in plastic bags and leave drawers pulled out.
 - Remove all clutter and stored items from the wall to allow for perimeter treatment.
- If there are any health conditions or allergies to pesticides, please inform management PRIOR to date of service.
